# Introducing smart super power hearing

ReSound ENZO™ brings smart hearing technology to people with severe and profound hearing loss for the first time, giving you new opportunities to engage, communicate and interact.

You can experience the clearest and most vibrant sound, direct stereo streaming from the only Made for iPhone super power hearing aid, and the ability to discreetly personalize your settings via the ReSound Smart™ app.

All through the world's most powerful and advanced super power hearing aid.

Visit [resound.com/enzo](http://resound.com/enzo) to learn more about the world's only smart super power hearing solution.

*Flemming and Louise Brasen*  
Father and daughter,  
both super power users

## Direct stereo streaming

ReSound ENZO is the only Made for iPhone super power hearing aid, which means you can stream stereo sound directly to your hearing aids with no intermediate device, just as if you were wearing wireless headphones.

You can easily and intuitively access voice calls, FaceTime calls, music, movies, spoken directions, information and everything else that your iPhone, iPad and iPod touch have to offer.

“Because I’m in control,  
I hear a lot more now”

**Stefan Kodjie, 40**  
Quality manager and super power user living  
with severe hearing loss since infancy

*Louise Braten 22,*  
Student and experienced  
super power user

# Superior sound quality and audibility

ReSound ENZO™ lets you hear more of what you want, because every part of it designed to give you a better hearing experience with a rich, balanced sound in all situations.

The inclusion of the most advanced version of Surround Sound by ReSound™, our unique sound processing strategy, means that you can enjoy greater amplification without noise and feedback, and know exactly where sound is coming from, even in difficult surroundings.

# Working for you every day

ReSound ENZO is small, comfortable and built to be as robust and reliable as possible, so that it works for you every day. It is the world's most powerful super power hearing aid, and is smaller than any other comparable hearing aid.

## WATER REPELLENT

iSolate™ nanotech is an ultrathin polymer shield that seals off every component of ReSound ENZO and protects it from damage caused by moisture, wax and dust.

## PRODUCT RANGE

ReSound ENZO is available in eight different colors and three technology levels, so it is sure to meet your needs.

## RESOUND UNITE™

ReSound ENZO connects wirelessly to the full range of ReSound Unite accessories. That means you can stay connected in even more situations, including when watching TV with friends and family, or hearing from a distance the person you're talking to in noisy surroundings.

ReSound helps people rediscover hearing. We develop hearing solutions that emulate the function of the natural ear, letting you forget your hearing loss and enabling you to live a rich, active and fulfilling life.

ReSound ENZO™ is the world's only smart super power hearing solution. It gives full and easy access to the sounds that matter the most to you, in the best possible sound quality. It streams stereo sound from iPhone, iPad and iPod touch without an intermediate device, and offers smart new ways to control and personalize your hearing experience. All that in a durable design that works for you every day.
